

AGP, MicroAGP & MicroPCI

IBL59D

MicroPCI daughter card w/ two Intel® 82559 Ethernet Controllers

Features:

- Intel® 82559 Single-chip Ethernet controller
- 10 BaseT/100 BaseTX support, full duplex
- PCI V2.1, IEEE802.3, IEEE802.3U compliant
- Backward Compatible with Intel® 82558
- 71mm x 67mm (with 2xRJ-45 bracket)

IBL59S

MicroPCI daughter card w/ Intel® 82559 Ethernet Controller

Features:

- Intel® 82559 Single-chip Ethernet controller
- 10 BaseT/100 BaseTX support, full duplex
- PCI V2.1, IEEE802.3, IEEE802.3U compliant
- Works as secondary Ethernet in IB780, IB745
- 71mm x 67mm (with RJ-45 bracket)

IBL39

MicroPCI daughter card w/ Realtek 8139 Ethernet Controller

Features:

- Realtek 8139 Single-chip Ethernet controller
- 10 BaseT/100 BaseTX support, full duplex
- PCI V2.1, IEEE802.3, IEEE802.3U compliant
- Backward Compatible with traditional LAN facilities
- 71mm x 67mm
