Industrial Slim Portable Computer IBT-SPC152

Feature

- Compact Size Lightweight Design
- 15" TFT LCD display
- Offer 2x Full-Size PCI-32 Slots, 1x Mini PCI
- Anti-reflection tempered strengthen glass protection LCD monitor
- Using the latest Intel Core2Duo technologies

Defined as the new millennium solution for rugged portables, the SPC, performs high-impact, more slim & powerful features, this all-in-one model is the most pragmatic solution for any pure mobile application. It is the smallest lunchbox computer on the market accommodating a 15" super TFT LCD screen for a truly satisfying viewing experience.

The SPC series is a well design compact portable computing machine that is both nimble as well as rugged. It will serve your needs for both expansion as well as performance. An important aspect of the SPC is the concept of standardizations, which means all components that you can find off the shelf or proprietary designed will fit into the SPC. If the peripheral is designed according to industry standard for interconnectivity then it will fit. With that in mind, we will layout and identify each of the component. In this section you can find each component of the SPC with respect to its purpose and usage.

Ordering Information

Two Versions are Available:

- IBT-SPC152/910F** Industrial Slim Portable Computer with 15" Panel PC w/TFT Panel, Heavy Duty with MB910EF Mini-ITX motherboard
- IBT-SPC152/899F** Industrial Slim Portable Computer with 15" Panel PC w/TFT Panel, Heavy Duty with MB899F Mini-ITX motherboard
- TouchScreen** Optionnal TouchScreen Available
- Wireless** Optionnal Intel Wireless Mini-PCI card

Other info to specify or Options:

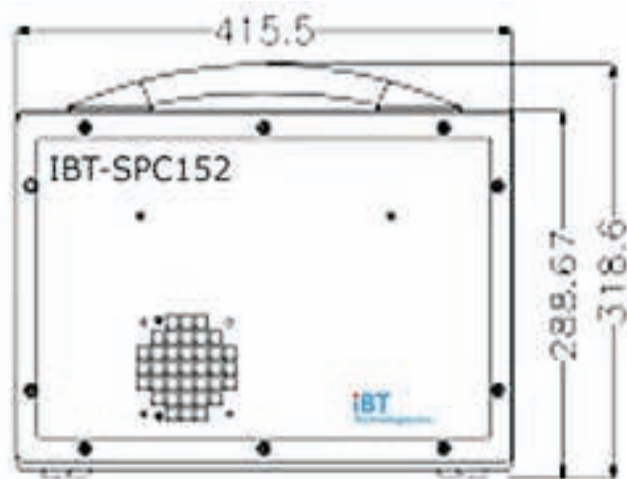

- CPU model
- Wireless LAN Module
- Memory size
- HDD size
- CF size Module
- TouchScreen

----- Chassis

Model	IBT-SPC 152 / 910EF
Display	15" TFT LCD, 1024x768, 180 nits brightness Anti-reflection tempered strengthen glass
KB	Mechanical 108 keys with Touch pad
Power	PSU or Battery 160W, Auto switch
Case	External chassis-flame retardant ABS plastic Internal chassis-gold color aluminum alloy
Dimension	415 x 278 x 158 mm (W x H x D)
Weight	8 kgs
Approval	CE/FCC Class B, RoHS

----- Processing 910EF

CPU type	Intel Co/re 2 Duo Processors
Chipset	Intel 965GM
Graphic	Intel 965GM Integrated Function
Expansion	2x Full-Size PCI-32 Slots, 1x Mini PCI (on board)
Memory	2x 1GB DDR SDRAM, (Up to 4GB Max)
Storage	2x 2.5" Hot-Swappable (SATA or IDE) 1x Slim Optical Drive
FDD	1x Slim 1.44 MB
Interfaces	4x USB, 1x DSUB 15 VGA, 2x DSUB 9 Rs232, PS2 KB/Mouse, Audio Line-in/out/Mic, SPDIF-out , RCA TV-out, Svideo
Networking	1x RJ45 for 10/100 Base Tx 1x RJ45 for 10/100/1000 Base Tx

Registered
ISO 9001:2000
